50%²

The Tork PeakServe® Continuous™ Hand Towel System allows you to serve 600 more customers between refills³ and:

Promote hygiene

Free up staff time
for actual cleaning

Speed up washroom flow

Save on storage space
and reduce transport
environmental impact

Serve washrooms with different traffic flows, layouts and sizes with the same system

Tork PeakServe is available as standard and mini dispensers and as adapters for recessed hand towel cabinets, enabling you to meet the needs of your entire facility with the same system. And with the introduction of a new advanced refill, you can now choose between two types of qualities to cater to different washroom experience requirements in different areas of your facility.

Improve your sustainability performance

Well-being

Making hygiene accessible to all users. Taking a towel is always smooth and easy with our continuous hand towel system. These hand towels are certified for short-term food contact. Our Tork PeakServe dispensers and adapters are ADA compliant and the dispensers are also certified Easy-to-use for cleaners and users by the Swedish Rheumatism Association.

Circularity

Tork PeakServe hand towels are EU Ecolabel and Forest Stewardship Council® (FSC®) certified – the only Forest Certification recognised by LEED. This guarantees that the product is made of fibres from responsibly managed forests and other controlled sources.

More from less

50% compressed towels enable you to store more towels on the trolley, save storage space, increase the number of towels per truck to reduce transport environmental impact. Eliminate waste from stub rolls and over consumption with one-at-a-time dispensing.
