Swarfega®

Heavy

Product Information Sheet

Description: Heavy duty gel formula hand cleanser containing non-abrasive micro-polymer granules and added conditioner to quickly remove deeply ingrained oil and grease soilings and leave the skin feeling smooth after use.

Usage: For use at the end of each work period, or more frequently if required, to quickly and effectively dissolve oil, grease and heavy soiling.

Method of Use: Apply a small amount to dry hands and rub in well to loosen all soilings. Rinse well with clean running water and dry hands thoroughly.

FEATURE	BENEFIT
Heavy duty formula	Contains highly refined hydrocarbon solvent which rapidly dissolves oil and grease.
Deep cleaning	Contains non-abrasive micro-polymer granules which give a deep down clean to gently lift ingrained soiling without damaging the skin.
Versatile	Removes deeply ingrained oil, grease, tar, diesel, creosote, carbon and most other soilings.
Economical	Only a small amount is required to remove even the heaviest of soilings.
Pleasant to use	Advanced gel formulation makes it easy to apply and rinse off with no residue.
Added conditioner	Contains propylene glycol to help leave hands feeling soft and supple after use.
Fresh fragrance	A mild citrus perfume leaves the skin fresh and lightly fragranced after use.
Convenient	Available in a range of sizes to meet various user requirements.
