

Think ahead.

Secure the new hygiene standard with no compromise on sustainability

54%

of global consumers have now increased their demands on companies' sustainability efforts¹

99%

of ingredients from natural origin²

Lower impact
on aquatic life³

Formula is readily
biodegradable⁴

35%

lower water consumption⁵

Secure a safe and hygienic experience

For sustainability – Tork Clarity Hand Washing Foam soap is made with 99% ingredients of natural origin and designed with sustainability in mind.

Employee well-being – This soap refill helps promote a healthy and hygienic workplace. Used in combination with our sophisticated award-winning Tork dispensers.

Improved efficiency – Tork Skincare Systems have intuitive refilling and help reduce waste volume due to collapsible bottles. It helps save time, so your cleaning staff can focus on securing higher levels of cleanliness and the new hygiene standard.

¹ Essity Hygiene & Health Study 2020

² Clarity formulation following the ISO16128

³ Based upon the EU Ecolabel, CDV (Critical Dilution Volume) related to Toxicity to aquatic organisms is below specified limits and is 2 times lower than the Tork Mild foam soap formula

⁴ Proven by third-party lab test according to OECD301B

⁵ Based on internal panel test comparing Tork Clarity Hand Washing Foam Soap with Tork Mild Foam Soap

Secure the new hygiene standard with no compromise on sustainability

99% of ingredients from natural origin¹

- **Kind to nature** as 99% of the ingredients are from natural origins
- **7 of the 9 ingredients** are from vegetable origin
- **1 mild preservative**
- Washing ingredients are from **renewable sources** (vegetable origins)

Lower impact on aquatic life²

- The washing ingredients have **no environmental hazard statement³**
- **Amount of washing ingredients⁴ reduced by 70%⁵**
- **The efficiency of cleaning hands remains the same with the same dose size⁶**
- **Reduced toxicity for aquatic organisms⁷**

Formula is readily biodegradable⁸

- **Biodegradable⁹**
- **EU Ecolabel certified**
Tork works primarily with the EU Ecolabel to certify our soaps as environmentally responsible choices

35% lower water consumption¹⁰

- The formulation foams quickly
- **It is easy to rinse off** due to the combination of ingredients used¹¹

A complete and comprehensive offer combined with claims around the Tork Skincare System

- Reduces soap usage by up to 50%¹² with no compromise on handwashing performance
- The bottle collapses as the content is used, helping to reduce waste volume by 70%¹³
- Certified effortless maintenance – intuitive refilling in less than 10 seconds¹⁴
- Factory-sealed bottle with single-use pump – helps keep content hygienic all the way to the hand

EU Ecolabel
The EU ecolabel is the European Union's labelling scheme, which certifies products that meet high environmental standards.
