INSTRUCTIONS FOR USE

TOILET BOWLS: For best results flush the toilet and force water around "S" bend with toilet brush. Remove cap and aim directional bottle under the rim at the water outlets and around the toilet bowl above the water level. Leave for 10-15 minutes and agitate with a brush if necessary. Flush with clean water and rinse brush after use.

URINALS: Apply evenly across the surface of the urinal. Leave to act for 5 minutes before scrubbing stains with a brush. Allow to flush automatically. Rinse brush after use.

PRO TIP: FOR BEST RESULTS IN TOILET BOWLS, LOWER THE WATER LEVEL USING A PLUNGER/TOILET BRUSH FIRST, TO ENSURE THE PRODUCT ACTS DIRECTLY ON STAINS AND LIMESCALE AT THE WATER LINE.

IMPORTANT: DO NOT USE IN CONJUNCTION WITH BLEACH BASED PRODUCTS, THIS WILL PRODUCE TOXIC CHLORINE GAS.
