A sustainable choice for any floor maintenance task while achieving a stunning result every time.

Floor cleaning can be a laborious task and while machine cleaning can significantly reduce the time and energy involved and achieve superior results, it has traditionally come at a cost to the environment with consumable floor pads being made from virgin plastic and going straight to landfill once used.

Elevate your floor care standards where sustainability meets excellence. CleanWorks Premium ProEco Floor Pads are made exclusively from recycled PET plastic incorporating a water-based resin. Once used, the basic material - and therefore the floor pad biodegrades more rapidly.

Black Stripping Pads, Green and Blue Scrubbing Pads, Red Buffing Pads, and White Polishing Pads are just a few of the choices available in our selection of cleaning floor pads to meet various cleaning requirements.

The innovative CleanWorks® ProEco Premium Floor Pads provide a sustainable choice for any floor maintenance task and have a number of exceptional features that set them apart.

Green Seal® certified. Water-based latex resins are used in the manufacturing process, formulated to biodegrade the basic material significantly quicker than conventional floor pad material.

No phenolformaldehyde resins are used in our binding process.

Each pad is created to carry out a particular cleaning task with the greatest efficiency and effectiveness possible, delivering the best results with the least amount of time and effort needed to accomplish the task.

Extremely durable pads of the highest quality, ensuring a longer lifespan, better performance and greater value. Longer-lasting floor pads need to be replaced less often, contributing to less waste in landfills.

CleanWorks ProEco floor pads are made entirely out of recycled PET material, making them an environmentally-friendly choice that promotes sustainability and waste reduction.

DID YOU KNOW?

Up to 32 x 500ml water bottles are recycled to make one floor pad. This is making use of bottles that could otherwise end up in landfill, whilst reducing demand for virgin plastic to be made.

CleanWorks Premium ProEco Floor Pads are certified by Green Seal™ for ecological innovation. The certification is based on accelerated biodegradability at waste disposal sites and a 100%-recycled material / natural fibre.

Get the right floor pad for the task

Stripping

To remove dirt and polymer/wax films and return floor to baseline condition.

Up to 350 rpm

Black Stripping Pad

Heavy-duty wet stripping pad, optimal for removing wax, dirt, and any finish.

Pack size: 5pc

10" CW4057	11" CW4058	12" CW4059	13" CW4060	14" CW4061
15" CW4062	16" CW4063	17" CW4064	18" CW4065	19" CW4066
20" CW4067				

Scrubbing

To remove deeply ingrained dirt and soil.

Up to 350 rpm

Green Scrubbing Pad

Heavy-duty scrubbing pad intended for wet scrubbing and light stripping.

Pack size: 5pc

10" CW4068	11" CW4069	12" CW4070	13" CW4071	14" CW4072
15" CW4073	16" CW4074	17" CW4075	18" CW4076	19" CW4077
20" CW4078				

175 to 350 rpm

Blue Scrubbing Pad

Wet scrubbing and spray cleaning pad. Capable of removing heavy dirt and scuff marks from most floor surfaces.

Pack size: 5pc

10" CW4079	11" CW4080	12" CW4081	13" CW4082	14" CW4083
15" CW4084	16" CW4085	17" CW4086	18" CW4087	19" CW4088
20" CW4089				

Buffing

To remove scuffs, medium-traffic dirt and heel marks to restore glossy finishes to a sparkling shine.

350 to 800 rpm

Red Buffing Pad

Restores glossy finishes while removing the scuff marks and dirt associated with medium-traffic areas.

Pack size: 5pc

10" CW4090	11" CW4091	12" CW4092	13" CW4093	14" CW4094
15" CW4095	16" CW4096	17" CW4097	18" CW4098	19" CW4099
20" CW4100				

Polishing

For producing a high-gloss wet look or to enhance wooden floors.

175 to 600 rpm

White Polishing Pad

Extra-fine polishing pad. For use on clean and dry floors. A fine water mist can be used to produce a high gloss wet look. Ideal for polishing wooden floors.

Pack size: 5pc

13" CW4101	14" CW4102	15" CW4103	16" CW4104	17" CW4105
18" CW4106	19" CW4107	20" CW4108		

Burnishing

To remove scuffs and marks whilst restoring gloss and repairing floor finish.

Up to 3000 rpm

Pink Eraser Pad

This pad is used to burnish/polish floor finish to a high gloss. This pad has a special binder formulation that allows the pad to effectively remove black marks and restore gloss in one pass.

Pack size: 5pc

17" CW4109	18" CW4110	19" CW4111	20" CW4112
