

  
CleanWorks®

TOTAL SPILL CONTROL

**ABSORBENTS  
& SPILL KITS**

CleanWorks® is an exclusive brand of Bunzl UK & Ireland

The CleanWorks spill control range has been created with the goal of providing customers with a diverse and comprehensive range of spill control products. All products are manufactured to ensure the highest levels of quality, performance and reliability.

# Industry colour coding for absorbents

Absorbents are one of the most cost effective and efficient ways of containing and recovering spilled liquids. Having the correct type of products on site will allow you to manage any potential workplace spillage. To ensure that you choose the correct type of absorbent, below is a simple guide to the colour coding and our absorbent compatibility guide for a more comprehensive list of liquids that require spill management.

## General-Purpose

For use inside on spills of non aggressive Water and Oil based fluids and Mild Chemicals.

## Oil Only

For the preferential absorption of Oil based liquids on land or water. Including Vegetable Oil, Mineral Oil and most Hydrocarbon derivatives.

## Chemical

For use on spills of aggressive liquids i.e. Acids and Alkalis. Can be safely used on Water and Oil based spills. For use on land only.

All of our absorbents are tested to BS7959 and meet the BS standards for the colour coding of absorbents.

## Absorbent Compatibility Guide

This information is provided as a guide only. It is assumed that Chemicals are at an ambient temperature and are used in their basic state not mixed or in combination. We strongly recommend that for specific applications you contact ECOSPILL. Small test sampling by the user is always recommended to ensure safe application. No claims or warranties are expressed or implied as to the absolute accuracy of the data supplied.

**General-Purpose** – Grey/Black. For use inside on spills of non-aggressive Water and Oil based fluids and mild Chemicals.

**Oil Selective** – White. For the preferential absorption of Oil based liquids on land or water. Including Vegetable oil, Mineral oil and most Hydrocarbon derivatives.

**Chemical** – Yellow. For use on spills of aggressive liquids i.e. Acids and Alkalis. Can be safely used on Water and Oil based spills. For use on land only.

Notes

CleanWorks general-purpose absorbents are used for absorbing a wide range of non-aggressive oil and water based fluids, this can include oils, fuels, solvents, thinners, paints and mild cleaning chemicals.

The range includes a selection of formats designed to provide a safe and effective solution to most workplace spill scenarios. Absorbent socks are ideal for containing the spread of spilt liquids, pads can be used for the recovery of minor 'day to day' incidental spills and leaks around the workplace, pillows are ideal for absorbing spills and leaks in

hard to reach areas or placed in drip trays to recover collected liquids and finally perforated rolls, for recovering spills across a larger area or as a versatile option to pads. Each product is tested to BS7959 to ensure that they meet the highest performance standards.

**GENERAL-PURPOSE ABSORBENT PAD**  
50cm x 40cm

- A lightweight general-purpose pad that offers fast absorbency, through a fine coverstock and good retention properties
- The perfect solution for fast absorbency of spills.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6141	50cm x 40cm	100	60 Litres

**GENERAL-PURPOSE ABSORBENT PAD**  
50cm x 40cm

- Highly absorbent with excellent fluid retention properties
- Made from 100% Polypropylene with a sonic bonded core
- The perfect solution for day-to-day applications.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6142	50cm x 40cm	100	80 Litres

**GENERAL-PURPOSE ABSORBENT PAD**  
50cm x 40cm

- A lightweight general-purpose pad that offers fast absorbency, through a fine coverstock and good retention properties. Has a high loft and are ideal for use around workshops, and where any liquids can be spilled.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6143	50cm x 40cm	100	100 Litres

**GENERAL-PURPOSE ABSORBENT SHEET**  
50cm x 40cm

- General-purpose sheet which gives excellent resistance to wear and possesses market leading tensile strength. Has a first-rate performance, is bonded, perforated and with coverstock.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6140	50cm x 40cm	200	100 Litres

## GENERAL-PURPOSE

### GENERAL-PURPOSE ABSORBENT ROLL 60L

- A lightweight general-purpose roll that offers fast absorbency, through a fine coverstock and good retention properties. This roll as a high loft and is ideal for use over larger areas. Complete with perforations for ease of use

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6144	40cm x 40m	1	60 Litres

### GENERAL-PURPOSE ABSORBENT ROLL 80L

- Excellent resistance to wear, and market-leading tensile strength
- Bonded and perforated with coverstock, it offers a great solution for emergency response to spills around the workplace.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6145	50cm x 40m	1	80 Litres

### GENERAL-PURPOSE ABSORBENT WIDE ROLL 100L

- Ideal for recovering spills across larger areas or as a versatile option to pads
- Offers the perfect solution for fast absorbency of spills.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6146	80cm x 40m	1	100 Litres

### GENERAL-PURPOSE ABSORBENT ROLL 128L

- Bonded and perforated with coverstock, it offers a great solution for emergency response to incidental spills around the workplace
- Ideal for recovering spills across larger areas or as a versatile option to pads.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6147	80cm x 40m	1	128 Litres

#### GENERAL-PURPOSE ABSORBENT SOCK 4.5L

- General-purpose sock with a spunbond grey outer skin with a recycled hydrophilic absorbent filling, with added SAP (super Absorbent Polymer). This sock offers fast wicking and excellent retention via the SAP. Offering the perfect solution to containing spills.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6148	7.5cm x 1.2m	20	60 Litres

#### GENERAL-PURPOSE ABSORBENT LONG SOCK 11L

- General-purpose absorbent sock that offers fast absorbency and liquid containment of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6149	7.5cm x 3m	8	80 Litres

#### GENERAL-PURPOSE ABSORBENT LAND BOOM 20L

- General-purpose land booms are easy to shape around machinery and any other potential spillages, to contain the spill at source. With a high absorbency and excellent retention properties. Made from a treated hydrophilic absorbent core with a grey spunbond outer layer.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6150	12cm x 3m	4	80 Litres

All kits come equipped with a range of absorbent formats depending on the size of kit including disposal bags and ties. A total 'one stop' package for a quick and effective response to spillages.

### GENERAL-PURPOSE ABSORBENT SPILL KIT MINI BAG 10L

- General-purpose Spill kit in clear bag with clip-top handle
- Contains various general-purpose absorbents that offer fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Qty	Ltrs per pack
CW6240	1	10 Litres

### GENERAL-PURPOSE ABSORBENT SPILL KIT BAG 15L

- A total 'one stop' package for a quick and effective response to spillages
- General-purpose Spill kit in clear bag with clip-top handle.

Product code	Qty	Ltrs per pack
CW6241	1	15 Litres

### GENERAL-PURPOSE ABSORBENT SPILL KIT BAG

- Designed to be sited around your premises where potential spills are most likely to occur
- Contains various general-purpose absorbents that offer fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Qty	Ltrs per pack
CW6242	1	30 Litres
CW6243	1	40 Litres

### GENERAL-PURPOSE ABSORBENT SPILL KIT HOLDALL 35L

- A total 'one stop' package for a quick and effective response to spillages
- Handy holdall for ease of use.

Product code	Qty	Ltrs per pack
CW6244	1	35 Litres

## GENERAL-PURPOSE SPILL KITS

### GENERAL-PURPOSE ABSORBENT SPILL KIT HOLDALL 50L

- Size allows easy storage and portability to all areas
- Contains various general-purpose absorbents that offer fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Qty	Ltrs per pack
CW6245	1	50 Litres

### GENERAL-PURPOSE ABSORBENT SPILL KIT BIN 80L

- Circular bin Spill kit containing various general-purpose absorbents
- Designed to be sited around your premises where potential spills are most likely to occur.

Product code	Qty	Ltrs per pack
CW6246	1	80 Litres

### GENERAL-PURPOSE ABSORBENT SPILL KIT WHEELED BIN 120L

- Portable bin Spill kit containing various general-purpose absorbents that offer fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Qty	Ltrs per pack
CW6247	1	120 Litres

### GENERAL-PURPOSE ABSORBENT SPILL KIT WHEELED BIN 240L

- Designed to be sited around your premises where potential spills are most likely to occur. Wheeled spill kits can be quickly and easily moved to different areas in the vicinity in the event of any spills.

Product code	Qty	Ltrs per pack
CW6248	1	240 Litres

### GENERAL-PURPOSE ABSORBENT SPILL KIT WHEELED BIN 360L

- Excellent resistance to wear, and market-leading tensile strength
- Designed to be sited around your premises where potential spills are most likely to occur.

Product code	Qty	Ltrs per pack
CW6249	1	360 Litres

### GENERAL-PURPOSE ABSORBENT SPILL KIT LARGE WHEELED BIN 600L

- Portable bin spill kit containing various general-purpose absorbents that offer fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Qty	Ltrs per pack
CW6250	1	600 Litres

### GENERAL-PURPOSE ABSORBENT SPILL KIT LARGE WHEELED BIN 800L

- Portable bin spill kit containing various general-purpose absorbents that offer fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Qty	Ltrs per pack
CW6251	1	800 Litres

### GENERAL-PURPOSE ABSORBENT SPILL KIT LARGE WHEELED BIN 1100L

- A total 'one stop' package for a quick and effective response to spillages
- Contains various general-purpose absorbents that offer fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Qty	Ltrs per pack
CW6252	1	1100 Litres

Oil Only absorbents are designed for selective recovery of oils and oil based fluids whilst repelling water, this can include fuels, lubricants (mineral and vegetable) and other hydrocarbon based fluids.

The preferred solution for the recovery of oil from land or water. Using unique hydrophobic technology, they will remain buoyant even when fully saturated with oil.

Available formats include, socks, pads, pillows and rolls as well as marine booms.

#### OIL AND FUEL ABSORBENT PAD 50cm x 40cm

- A lightweight value for money oil and fuel absorbent pad that offers fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment
- The perfect solution for fast absorbency of spills.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6121	50cm x 40cm	100	60 Litres

#### OIL AND FUEL ABSORBENT PAD 50cm x 40cm

- This oil and fuel pad is made from 100% Polypropylene with a sonic bonded core
- This pad is the perfect solution for day-to-day applications.

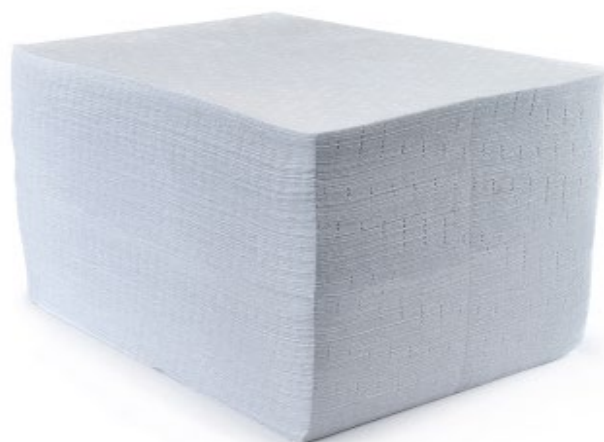

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6122	50cm x 40cm	100	80 Litres

#### OIL AND FUEL ABSORBENT PAD 50cm x 40cm

- This Oil only pad has a high loft and repels water using Hydrophobic properties
- Ideal for use near watercourses and anywhere that oil needs to be absorbed from water.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6123	50cm x 40cm	100	100 Litres

#### OIL AND FUEL ABSORBENT SHEET 50cm x 40cm

- Oil and Fuel Sheet with excellent resistance to wear and possesses market leading tensile strength
- First-rate performance and excellent value
- Bonded, perforated and with coverstock this sheet is perfect for emergency response as well as day-to-day applications.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6120	50cm x 40cm	200	100 Litres

### OIL AND FUEL ABSORBENT ROLL 60L

- A lightweight value for money oil and fuel absorbent roll that offers fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6124	40cm x 40m	1	60 Litres

### OIL AND FUEL ABSORBENT ROLL 80L

- A lightweight value for money oil and fuel absorbent roll that offers fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6125	50cm x 40m	1	80 Litres

### OIL AND FUEL ABSORBENT WIDE ROLL 100L

- This oil and fuel roll has a high loft and is ideal for use over larger areas, including water courses and small rivers
- Complete with perforations for ease of use. Ideal for recovering spills across larger areas or as a versatile option to pads.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6126	50cm x 40m	1	100 Litres

### OIL AND FUEL ABSORBENT ROLL 128L

- A larger version of our oil and fuel roll
- This roll is ideal for recovery of larger incidental spills, with excellent wear and absorption capacity makes this roll ideal for busy workplaces.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6127	80cm x 40m	1	128 Litres

#### OIL AND FUEL ABSORBENT SOCK 4.5L

- Oil and fuel absorbent sock that offers the perfect solution for fast containment and absorbency of spills.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6128	7.5cm x 1.2m	20	90 Litres

#### OIL AND FUEL ABSORBENT LONG SOCK 11L

- The hydrophobic properties within this oil and fuel sock allow the sock to float on water and collect/absorb oil-based liquids from the surface without absorbing any water
- Ideal for use outside where standing water may be present.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6129	7.5cm x 3m	8	90 Litres

#### OIL AND FUEL ABSORBENT LAND BOOM 20L

- Offers fast absorbency and liquid containment of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.
- The perfect solution to containing spills on land.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6130	12cm x 3m	4	80 Litres

#### OIL AND FUEL ABSORBENT BOOM

- Oil and fuel absorbent boom that offers fast absorbency and liquid containment of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6131	13cm x 3m	4	120 Litres
CW6132	20cm x 3m	4	316 Litres

## OIL AND FUEL SPILL KITS

All kits come equipped with a range of absorbent formats depending on the size of kit including disposal bags and ties. A total 'one stop' package for a quick and effective response to spillages.

### OIL AND FUEL ABSORBENT SPILL KIT MINI BAG 10L

- Oil and fuel spill kit in clear bag with clip-top handle
- Contains various oil and fuel absorbents that offer fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Qty	Ltrs per pack
CW6220	1	10 Litres

### OIL AND FUEL ABSORBENT SPILL KIT BAG 15L

- A total 'one stop' package for a quick and effective response to spillages
- Oil and fuel spill kit in clear bag with clip-top handle.

Product code	Qty	Ltrs per pack
CW6221	1	15 Litres

### OIL AND FUEL ABSORBENT SPILL KIT BAG

- Designed to be sited around your premises where potential spills are most likely to occur
- Contains various oil and fuel absorbents that offer fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Qty	Ltrs per pack
CW6222	1	30 Litres
CW6223	1	40 Litres

### OIL AND FUEL ABSORBENT SPILL KIT HOLDALL 35L

- A total 'one stop' package for a quick and effective response to spillages
- Handy holdall for ease of use.

Product code	Qty	Ltrs per pack
CW6224	1	35 Litres

## OIL AND FUEL SPILL KITS

### OIL AND FUEL ABSORBENT SPILL KIT HOLDALL 50L

- Size allows easy storage and portability to all areas
- Contains various oil and fuel absorbents that offer fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Qty	Ltrs per pack
CW6225	1	50 Litres

### OIL AND FUEL ABSORBENT SPILL KIT BIN 80L

- Circular bin Spill kit containing various oil and fuel absorbents
- Designed to be sited around your premises where potential spills are most likely to occur.

Product code	Qty	Ltrs per pack
CW6226	1	80 Litres

### OIL AND FUEL ABSORBENT SPILL KIT WHEELED BIN 120L

- Spill Kits are designed to be sited around your premises where potential spills are most likely to occur
- Wheeled spill kits can be quickly and easily moved to different areas in the vicinity in the event of any spills.

Product code	Qty	Ltrs per pack
CW6227	1	120 Litres

### OIL AND FUEL ABSORBENT SPILL KIT WHEELED BIN 240L

- Designed to be sited around your premises where potential spills are most likely to occur. Wheeled spill kits can be quickly and easily moved to different areas in the vicinity in the event of any spills.

Product code	Qty	Ltrs per pack
CW6228	1	240 Litres

### OIL AND FUEL ABSORBENT SPILL KIT WHEELED BIN 360L

- Portable bin spill kit containing various oil and fuel absorbents that offer fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Qty in pack	Ltrs per pack
CW6229	1	360 Litres

### OIL AND FUEL ABSORBENT SPILL KIT LARGE WHEELED BIN 600L

- A total 'one stop' package for a quick and effective response to spillages.
- Offer fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Qty	Ltrs per pack
CW6230	1	600 Litres

### OIL AND FUEL ABSORBENT SPILL KIT LARGE WHEELED BIN 800L

- Portable bin Spill kit containing various oil and fuel absorbents that offer fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.
- A total 'one stop' package for a quick and effective response to spillages.

Product code	Qty	Ltrs per pack
CW6231	1	800 Litres

### OIL AND FUEL ABSORBENT SPILL KIT LARGE WHEELED BIN 1100L

- Mobile, easy to store, handle and deploy
- A total 'one stop' package for a quick and effective response to spillages.
- Offer fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Qty	Ltrs per pack
CW6232	1	1100 Litres

Chemical absorbents are generally yellow in colour, they are ideal for use on spills involving aggressive chemicals (acids and alkalis) either inside or outside.

They will also work with oil and water based fluids providing a universal response to most types of spills. These products are ideal for deployment where a variety of liquids pose the main spillage

risk. Available in pad, sock, roll and pillow formats to provide an effective response to most spill scenarios.

### CHEMICAL ABSORBENT PAD 50cm x 40cm

- Offers fast absorbency of any mild or aggressive chemicals
- A fine coverstock with good retention properties
- High loft and ideal for use around workshops.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6101	50cm x 40cm	100	60 Litres

### CHEMICAL ABSORBENT PAD 50cm x 40cm

- Highly absorbent with excellent fluid retention properties
- Made from 100% Polypropylene with a sonic bonded core
- The perfect solution for day-to-day applications.

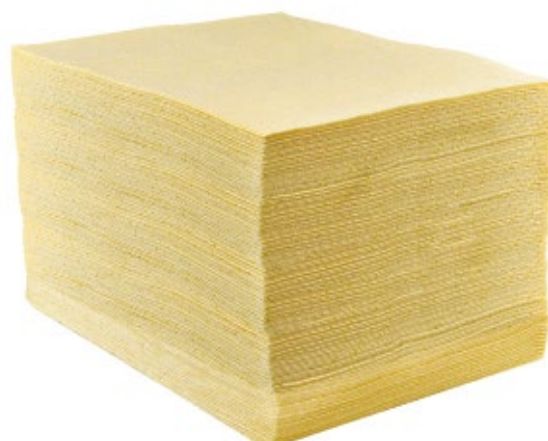

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6102	50cm x 40cm	100	80 Litres

### CHEMICAL ABSORBENT PAD 50cm x 40cm

- Offers fast absorbency of any mild or aggressive chemicals, as well as oil based spilt liquids in any work environment
- A fine coverstock and good retention properties
- High loft and ideal for use where any liquids can be spilled.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6103	50cm x 40cm	100	100 Litres

### CHEMICAL ABSORBENT SHEET 50cm x 40cm

- Chemical absorbent sheet which gives excellent resistance to wear and possesses market leading tensile strength
- Bonded, perforated and with coverstock this sheet is perfect for emergency spill response as well as day-to-day applications.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6100	50cm x 40cm	200	100 Litres

## CHEMICAL ABSORBENT ROLL 60L

- Fast absorbency of any mild or aggressive chemicals, as well as oil based spilt liquids in any work environment
- A fine coverstock and good retention properties.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6104	40cm x 40m	1	60 Litres

## CHEMICAL ABSORBENT ROLL 80L

- Excellent resistance to wear, and market-leading tensile strength
- Bonded and perforated with coverstock, it offers a great solution for emergency response to spills around the workplace.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6105	50cm x 40m	1	80 Litres

## CHEMICAL ABSORBENT WIDE ROLL 100L

- Ideal for recovering spills across larger areas or as a versatile option to pads
- Offers the perfect solution for fast absorbency of spills.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6106	50cm x 40m	1	100 Litres

## CHEMICAL ABSORBENT ROLL 128L

- Bonded and perforated with coverstock, it offers a great solution for emergency response to incidental spills around the workplace
- Ideal for recovering spills across larger areas or as a versatile option to pads.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6107	80cm x 40m	1	128 Litres

### CHEMICAL ABSORBENT SOCK 4.5L

- For use with most liquids including aggressive chemicals
- The absorbent fill is housed in a spunbond outer skin, that is stitched at both ends to avoid any chemical reactions
- A yellow spunbond outer skin, and a treated hydrophilic absorbent filling.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6108	7.5cm x 1.2m	20	90 Litres

### CHEMICAL ABSORBENT LONG SOCK 11L

- Excellent resistance to wear, and market-leading tensile strength
- Bonded and perforated with coverstock, it offers a great solution for emergency response to spills around the workplace.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6109	7.5cm x 3m	8	90 Litres

### CHEMICAL ABSORBENT LAND BOOM 20L

- Chemical absorbent boom that offers the perfect solution to containing spills on land
- Made from a treated hydrophilic absorbent core with a yellow spunbond outer layer
- Easy to shape around machinery and any other potential spillages, to contain the spill at source.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6110	12cm x 3m	4	80 Litres

### CHEMICAL ABSORBENT BOOM 30L

- Ideal for recovering spills across larger areas or as a versatile option to pads
- Offers the perfect solution for fast absorbency of spills.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6111	13cm x 3m	4	120 Litres

## CHEMICAL SPILL KITS

All kits come equipped with a range of absorbent formats depending on the size of kit including disposal bags and ties. A total 'one stop' package for a quick and effective response to spillages.

### CHEMICAL ABSORBENT SPILL KIT MINI BAG 10L

- Chemical spill kit in clear bag with clip-top handle
- Contains chemical absorbents that offers fast absorbency of any mild or aggressive chemicals, as well as oil based spilt liquids in any work environment.

Product code	Qty	Ltrs per pack
CW6200	1	10 Litres

### CHEMICAL ABSORBENT SPILL KIT BAG 15L

- A total 'one stop' package for a quick and effective response to spillages
- Chemical spill kit in clear bag with clip-top handle.

Product code	Qty	Ltrs per pack
CW6201	1	15 Litres

### CHEMICAL ABSORBENT SPILL KIT BAG

- Designed to be sited around your premises where potential spills are most likely to occur
- Contains chemical absorbents that offers fast absorbency of any mild or aggressive chemicals, as well as oil based spilt liquids in any work environment.

Product code	Qty	Ltrs per pack
CW6202	1	30 Litres
CW6203	1	40 Litres

### CHEMICAL ABSORBENT SPILL KIT HOLDALL 35L

- A total 'one stop' package for a quick and effective response to spillages
- Handy holdall for ease of use.

Product code	Qty	Ltrs per pack
CW6204	1	35 Litres

## CHEMICAL SPILL KITS

### CHEMICAL ABSORBENT SPILL KIT HOLDALL 50L

- Size allows easy storage and portability to all areas
- Contains various chemical absorbents that offer fast absorbency of any mild or aggressive chemicals, as well as oil based spilt liquids in any work environment.

Product code	Qty	Ltrs per pack
CW6205	1	50 Litres

### CHEMICAL ABSORBENT SPILL KIT BIN 80L

- Circular bin spill kit containing various chemical absorbents
- Designed to be sited around your premises where potential spills are most likely to occur.

Product code	Qty	Ltrs per pack
CW6206	1	80 Litres

### CHEMICAL ABSORBENT SPILL KIT WHEELED BIN 120L

- Portable bin spill kit containing various chemical absorbents that offer fast absorbency of any mild or aggressive chemicals, as well as oil based spilt liquids in any work environment.

Product code	Qty	Ltrs per pack
CW6207	1	120 Litres

### CHEMICAL ABSORBENT SPILL KIT WHEELED BIN 240L

- Contains various chemical absorbents that offer fast absorbency of any mild or aggressive chemicals, as well as oil based spilt liquids in any work environment
- Portable bin spill kit designed to be sited around your premises where potential spills are most likely to occur.

Product code	Qty	Ltrs per pack
CW6208	1	240 Litres

Manufactured from natural fibres which have been refined and upgraded, our range of sustainable absorbents often outperform more traditional meltblown products.

### PROECO GENERAL-PURPOSE ECO ABSORBENT PAD

- A sustainable general-purpose absorbent pad that offers fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6151	48cm x 38cm	100	150 Litres

### PROECO GENERAL-PURPOSE ECO ABSORBENT ROLL

- A sustainable general-purpose absorbent roll that offers fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6152	37cm x 38m	1	120 Litres

### PROECO GENERAL-PURPOSE ABSORBENT ECO SPILL KIT BAG 30L

- Contains various ProEco general-purpose absorbents that offer fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Qty	Ltrs per pack
CW6253	1	30 Litres

### PROECO GENERAL-PURPOSE ABSORBENT ECO SPILL KIT BAG 50L

- A total 'one stop' package for a quick and effective response to spillages.

Product code	Qty	Ltrs per pack
CW6254	1	50 Litres

## PROECO GENERAL-PURPOSE ABSORBENT ECO SPILL KIT WHEELED BIN 120L

- Portable bin Spill kit containing various general-purpose
- ProEco absorbents that offer fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Qty	Ltrs per pack
CW6255	1	120 Litres

## PROECO GENERAL-PURPOSE ABSORBENT ECO SPILL KIT WHEELED BIN 240L

- Portable bin spill kit containing various ProEco general-purpose absorbents that offer fast absorbency of oils, fuels and non-aggressive water-based liquids and mild chemicals in most work environments.

Product code	Qty	Ltrs per pack
CW6256	1	240 Litres

## PROECO OIL & FUEL ECO ABSORBENT PAD

- A sustainable, lightweight, oil and fuel absorbent pad that offers fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6133	48cm x 38cm	100	150 Litres

## PROECO OIL & FUEL ECO ABSORBENT ROLL

- A sustainable, lightweight, oil and fuel absorbent roll that offers fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Dimensions	Qty in pack	Ltrs per pack
CW6134	37cm x 38m	1	120 Litres

### PROECO OIL & FUEL ABSORBENT ECO SPILL KIT BAG 30L

- ProEco oil and fuel spill kit with handle for ease of use and clear window. Contains various Oil and fuel ProEco absorbents that offer fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Qty	Ltrs per pack
CW6233	1	30 Litres

### PROECO OIL & FUEL ABSORBENT ECO SPILL KIT BAG 50L

- Contains various ProEco oil and fuel absorbents that offer fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Qty	Ltrs per pack
CW6234	1	50 Litres

### PROECO OIL & FUEL ABSORBENT ECO SPILL KIT WHEELED BIN 120L

- Portable bin Spill kit containing various ProEco oil and fuel absorbents that offer fast absorbency of all hydrocarbon spilt liquids (fuels, oils, diesel) ideal for any external work environment.

Product code	Qty	Ltrs per pack
CW6235	1	120 Litres

### PROECO OIL & FUEL ABSORBENT ECO SPILL KIT WHEELED BIN 240L

- Designed to be sited around your premises where potential spills are most likely to occur
- A total 'one stop' package for a quick and effective response to spillages.

Product code	Qty	Ltrs per pack
CW6236	1	240 Litres

**Spill accessories work alongside other spill control products ensuring protection, security and safe clean-up should a spill occur.**

## VINYL PROTECTOR AUDIT COVER YELLOW

- Vinyl audit cover with a PVC window on the top for spill kit content auditing purposes. Elasticated edge to secure tightly ensuring the kits are complete and ready to use when required.

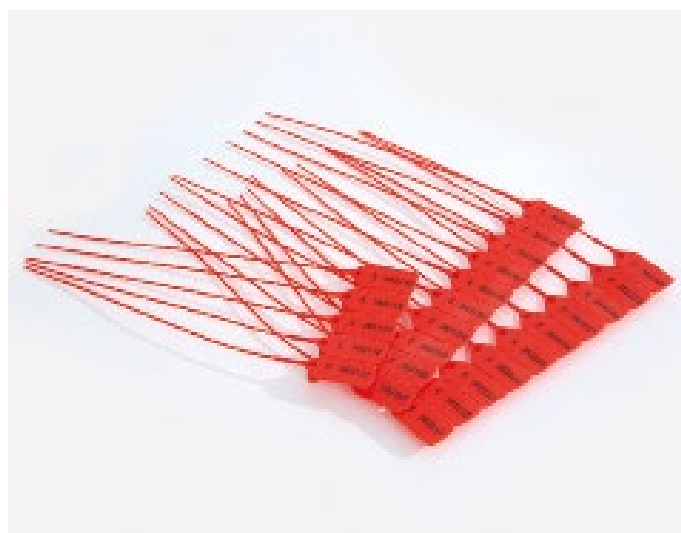

Product code	Usage	Qty in pack
CS6300	For a 120L Bin	1
CS6301	For a 240L Bin	1
CS6302	For a 360L Bin	1

## BLUE HAZARDOUS WASTE DISPOSAL BAGS & TIES X 100

- Hazardous waste bags supplied with zip ties for secure fastening
- Printed with Hazardous Waste warning signs they are ideal for the safe collection and transport of saturated absorbents and rags after cleaning up a spill.

Product code	Qty in pack
CS6303	10
CS6304	100

## RED PLASTIC SECURITY TAGS

- Red plastic security tags are ideal for extra security around your spill kits
- A sure indicator and deterrent of unauthorised use
- The ideal way to protect and ensure the integrity of your spill control products.

Product code	Qty in pack
CS6305	25

## DRAIN PROTECTION

Keeping the environment clean and green with innovative drain protection products.

Our range includes covers which protect the drain whilst containing the spill. These drain protection products are compliant with current legislation and satisfy the requirements of most site applications.

## FILTASILT 120cm x 40cm

- Filtasilt is an innovative product for removing oil and sediment from water sources without the need for expensive tankers
- Includes an adaptor for attaching to any hose with a diameter of 13mm to 76mm.
- Reusable, portable, simple and quick to operate.

Product code	Dimensions	Qty in pack
CW6400	120cm x 40cm	1

## PU DRAIN COVER

- Prevents incidental spills entering drains and provides a fast solution to responding to a spill
- Made of Polyurethane which is resistant to most chemicals as well as fuels, solvents and oils
- Suitable for temperatures between -40°C to 150°C.

Product code	Dimensions	Qty in pack
CW6402	45cm x 45cm	1
CW6403	60cm x 60cm	1
CW6406	90cm x 90cm	1

## CLAY DRAIN MATS

- Bentonite clay drain mat provides a watertight seal of drains
- This drain mat moulds to the drain to accommodate most surface irregularities forming a liquid tight seal
- Drain matt pack of 2 offers the option to cover a large/wider drain as they can be moulded together on deployment.

Product code	Dimensions	Qty in pack	Weight
CW6401	45cm x 45cm	2	10kg
CW6405	65cm x 45cm	2	13kg

## PU DRAIN COVER & HOLDALL

- PU drain cover keeps unwanted and harmful fluid spills out of your drainage system. Comes with handy holdall
- Made of Polyurethane which is resistant to most chemicals as well as fuels, solvents and oils
- Suitable for temperatures between -40°C to 150°C.

Product code	Dimensions	Qty in pack
CW6404	60cm x 60cm	1
CW6407	90cm x 90cm	1

## DRAIN PROTECTION

### PU SPILL CONTAINMENT BARRIER

- PU barrier can very easily and quickly provide containment for leaked fluid
- Made from non-absorbent polyurethane, the barrier is quick to install and has a sticky bottom edge to prevent spills from spreading
- Strong and durable protection from spills and harmful liquids.

Product code	Dimensions	Qty in pack
CW6408	6cm x 3m	1

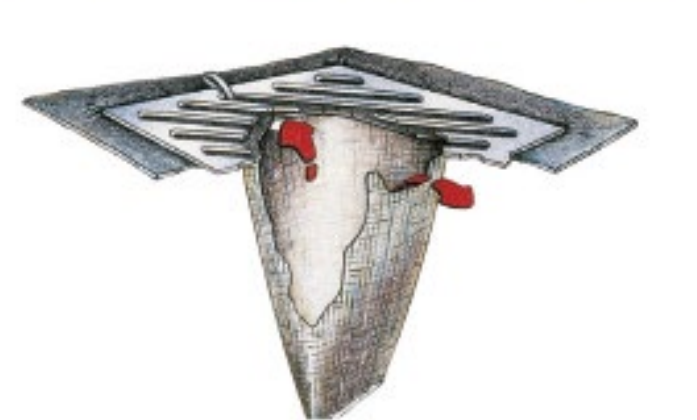

### READY MIXED CLAY

- Ready mixed clay compound stops spillages at their source by plugging holes in damaged tanks or drums for rapid spill control
- Chemically inert, preventing reactions with the spilled liquid.

Product code	Size	Qty
CW6409	1 Litre	1

All of this was removed from 50 gully filter sacks after just two weeks in storm drains

GULLY FILTER SACK

Ultra Drain Guards are designed to remove oil and sediment pollution from surface water running into gully drains from surrounding construction sites, farms, industrial estates, or other areas prone to storm water pollution or cleaning operations.

Ultra Drain Guards are made from a high permeability non-woven polypropylene geotextile that trap solids and oils but allow water to drain through and also incorporate bypass ports to further maintain flow into the drain.

They are designed to be easily placed directly into the drain gully pot to filter out materials as they flow into the drain without compromising drainage, and the Oil and Sediment model absorbs up to 3.29 litres of hydrocarbons as well as up to 18 kg of sediment, sand or debris.

Product code	Qty	Oil Capture	Sediment Capture	Collection area	Flow rate	Size
CW6410	1	3.29 Litres	18kg	25.4cm x 45.75cm	1893 l/min	121.9cm x 91.4cm x 45.7cm
