

Make the smart choice

Still using air dryers?

Change to paper hand towels today to meet all of your guests' hygiene needs

68%
of visitors wish more facilities offered paper hand towels as an alternative to air dryers¹

Jet air dryers spread

10x

more bacteria²

Drying your hands with a jet air dryer **produces more airborne droplets.**³ Paper towels are the more hygienic way to dry hands by friction removing bacteria.⁴

Paper hand towels are the recommended choice in hygiene-critical environments.⁵

Air dryers only do one thing

Air dryers only serve one person at a time

63%

of users stop drying their hands before completely dry as air dryers take too long to dry their hands¹

Paper towels are more hygienic, dispense faster and have multiple uses. Make the smart choice.

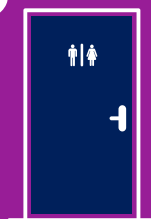

68%

Agree or strongly agree to I wish more facilities offered paper hand towels as an alternative to air dryers.¹

70%

of end users say they use paper hand towels to avoid touching different surfaces in public washrooms.¹

Paper hand towels support many uses such as:

blowing noses, wiping mouths, applying cosmetics, medical needs, nappy changes, helping avoid dirty tap and door handles.

Switching to paper hand towels has never been easier

Serve washrooms with different traffic flows, layouts and sizes with the same refill. Offering the same hygienic systems ensures that hand towels are enclosed, dispense one towel at a time and avoid run-outs.

Tork PeakServe
