

# Upgrade to Tork Vision Cleaning

Unleash the power of real-time data and transform your way of working.

Dispensers  
are stocked  
**99%**  
of the time<sup>1</sup>

**Use data to understand** when and where there are needs

**Optimise your resources** and spend time on what is most important

**Use built-in reporting tools** – to demonstrate a job well done and improve ways of working

**Save time and create efficiency** on tasks like dispenser checks and avoid unnecessary cleaning

**Reduce product waste** by using data to avoid early refilling

1. Measured across nearly 13,000 connected dispensers between June-December 2019, based on time per month that a dispenser is in an empty status against total time per month.

# Upgrading has never been easier

What if you could save up to 20% of your cleaning hours<sup>1</sup> and respond to cleaning and dispenser refill needs before you get complaints? Now you can. The Tork Vision Cleaning offer encompasses all you need to make data-driven cleaning an integrated part of your operations. The time to go digital is now.

## Tork Vision Cleaning
