PRISTINE®

Away-from-home sustainable washrooms

PRISTINE® products are designed to create a premium customer experience at great value and encourage more sustainable and safer personal hygiene in away-from-home washroom environments.

Away-from-home sustainable washrooms

PRISTINE® is continuously innovating to help organisations make their washrooms more efficient and hygienic whilst reducing the impact on the planet.

PRISTINE® is leading the way in away-from-home washroom solutions, utilising the latest product innovation alongside sustainable and ethical product production, to assist businesses to be environmentally responsible as well as ensuring the best possible experience for the end user.

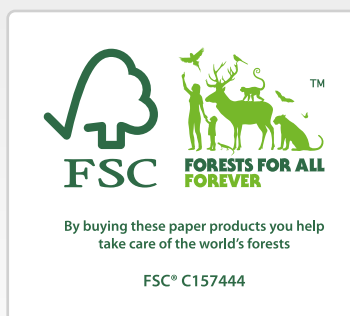

PRISTINE® can help you deliver savings at the same time as meeting your sustainability goals. Our wide selection of product features include:

- ✓ **Vegan hand soap formulations**
- ✓ **Plastic-free packaging solutions**
- ✓ **Carbon-neutral certified air fresheners**
- ✓ **Paper and soap dispensers made from recycled material**
- ✓ **Recycled paper toilet tissue and hand towels**
- ✓ **Packaging that encourages responsible disposal**

FSC® Certification

All products in the PRISTINE® hygiene paper range are made from FSC® certified paper. When you see this logo mark, it is your assurance that the product is made with, or contains, forest-based materials from FSC-certified forests or reclaimed sources.

FSC® is the only forest certification scheme endorsed by the major environmental charities including WWF and the Woodland Trust. FSC® helps take care of forests and the people and wildlife who call them home and is recognised as the 'hallmark of responsible forest management'.

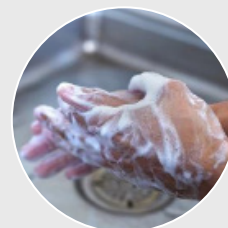

PRODUCT RANGES

HYGIENE PAPER

Recycled toilet tissue and hand towels made in the UK

12 Sleeves (Paper) x 242 Sheets

Hand Towel Quick Guide

C-Fold

An economical hand towel system designed for one-at-a-time dispensing, enhancing the washroom's appearance and helps reduce costs.

V-Fold, Singlefold

Ideal for demanding environments. Self presenting towels help reduce consumption and therefore waste with its reliable one-at-a-time dispensing.

Z-Fold, Multifold

Paper towels are dispensed one at a time so they're touched only by the user, dry your hands hygienically and effectively, and help reduce costs and waste.

Driving sustainability in our hygiene paper products

ENVIRONMENTALLY RESPONSIBLE AND SUSTAINABLE APPROACH

As part of our drive to become more environmentally responsible and sustainable, many of PRISTINE hygiene paper products are produced from recycled fibers reducing the impact on world forests and our environment.

KEY ENVIRONMENTAL AND QUALITY BENEFITS:

- ✓ FSC® certified recycled material.
- ✓ The recycled tissue production process has a reduced use of chemicals and is chlorine-free.
- ✓ Improves tissue quality and weight with a higher GSM count for recycled toilet tissue.
- ✓ UK sourced content reduces miles travelled and carbon emissions in the supply chain.
- ✓ Recycling reduces energy used in production.
- ✓ Reduces demand on world forests and our environment.
- ✓ Plastic film wrap packaging contains at least 30% recycled material and is recyclable.

RECYCLED PAPER & SOAP DISPENSERS

Sustainable dispensing solution to minimise impact on the environment

Made from 100% recyclable material.
Units can be recycled, reducing plastic waste

Plastic waste is repurposed back to raw material
Reprocessed by the manufacturing plants

Eco-friendly packaging, consistent reliability and a high-quality finish as our standard dispensers

PRISTINE® is committed to improving sustainability throughout our range and we believe this is not just for the consumable products we offer. Introducing the PRISTINE black dispenser range which is now made from recycled material.

The dispenser housing is made from 100% recyclable material and can be recycled, reducing plastic waste. The recycled plastic is sourced from post-consumer waste that is compounded into a raw material form for use in the manufacturing process.

Combining a durability with a high-quality finish, these dispensers are ideal for any away-from-home washroom environment. The PRISTINE recycled dispenser range offers soap, hand towel and toilet tissue dispenser that are suitable for all areas including healthcare, supermarkets, gyms, restaurants and many more.

The seamless join between the window and cover, prevents dirt traps and provides a easy wipe clean surface for maximum hygiene.

DISPENSERS

SKIN CARE

Simple and safe refill process

Dosing is premeasured so it is always correct and costs are fully controlled. No handling of chemicals before water is added ensures minimal risk to the user.

Reduced onsite storage required

Reduces storage requirements by 95% compared to bulk-fill liquid soap. One packet of soluble sachets makes 10 litres of product making it ideal for any size storage cupboard.

Reduced carbon footprint

The product is prepared on the customer site when a sachet is added to water in a dispenser or bottle. There is no waste product or container to dispose of.

Vegan friendly

The manufacturing process adheres to the highest quality standard and is Vegan Society Certified.

No plastic packaging

Soluble sachets fully dissolve when added to water and are packaged in a Kraft paper pouch which means no single-use plastic is used.

No animal testing

Dermatologically tested not animal tested.

Sakura Blossom Foaming Hand Wash Sachets

Luxurious foaming hand wash sachets that you simply mix with water. Refreshing sakura blossom fragrance and innovative vegan formulation.
