

Simple to use and flexible enough to clean difficult and high traffic areas with maximum cleaning performance and speed.

CleanWorks **MicroClean** flat mopping system enables easier, faster and more effective cleaning, especially in high traffic environments where surfaces need to be cleaned and dried quickly.

KEY FEATURES & BENEFITS

Microfibre cleaning

Large 20L capacity

Brand hero product

Use damp or dry

Time saver

Machine washable

Highly effective draining, keeping floors drier with minimal effort, vital for areas with high traffic.

The CleanWorks **MicroClean** is designed to be used with highly effective microfibre flat mop pads, which uses the minimum amount of water for fast drying, and can be used without chemicals for excellent cleaning results.

The plastic break-frame mop head ensures easy fitting and removal of mop pad which come flagged in the four hygiene colours. The kit comes complete with everything you need to get started including a lightweight colour-coded aluminium handle and the wheeled 20L combination bucket and wringer with a built-in water divider for better hygiene.

KEY FEATURES & BENEFITS

- 20 litre combination bucket and wringer with a built-in water divider.
- Fast and efficient wringer removes most of the water for quicker drying - saves time.
- Microfibre mop head attracts and holds dirt for effective cleaning.
- Hygienic colour-coded flagged mop head for use in different areas.
- For added Safety the mop bucket has 'wet floor' graphics on two sides.
- Durable plastic break-frame ensures easy fitting and removal of MircoClean flat mop head.

MIRCOCLEAN SYSTEM KIT

The system starter bkit comes complete with:

- Colour-coded aluminum handle
- Wheeled 20L combination mop bucket and wringer
