

# ANTIBACTERIAL HAND SOAP

## Product description

A cost effective hand soap for cleaning and removing bacteria from the hands, without the use of triclosan.

## Core benefits

Uses naturally-derived ingredients

Removes bacteria from the hands

Contains glycerol for extra mildness

Pleasant fragrance

Leaves hands feeling healthy, supple and soft

## How does it work?

The blend of mild cleaning agents in BioHygiene Antibacterial Handsoap form a rich and creamy lather that gently cleanses and removes bacteria, leaving hands feeling healthy, supple and soft.

## Directions for use

Apply undiluted to wet hands and rub together to produce a lather. Rinse in clean water and dry hands thoroughly.
