

Foaming Washroom Descaler

Foaming cleaner and descaler formulated with organic acids and plant derived surfactants for the effective removal of limescale, surface staining and watermarks, leaving washroom surfaces clean, shiny and free of scale.

Cleaner

- Removes limescale build up from surfaces
- Eradicates surface staining and water marks
- Slightly viscous foaming formulation provides effective surface coverage and cling, even on vertical surfaces
- Delivers long-lasting shine and a pleasant, long lasting fresh fragrance Highly effective even in very hard water areas
- Synergistic blend of organic acids boosts descaling performance
- Non-VOC, non-hazardous eco-solvent cuts through body fats, soap scum and grease enhancing cleaning performance

Leaner

- Easy and convenient Ready to Use foaming delivery system
- Water is effectively sheeted off the surface, preventing the formation of water marks whilst delivering long lasting shine
- An effective polycarboxylate water-soluble polymer system disperses insoluble inorganic salts and soil particles and prevents their redeposition on surfaces
- Contains unique technologies with high efficiency for binding calcium ions preventing limescale deposit build-up whilst helping to reduce cleaning frequency

Greener

- Sustainable plant based surfactants deliver excellent cleaning performance whilst reducing CO2e
- Carbon neutral
- Naturally derived ingredients
- Not tested on animals
- 100% PCR – no single use plastic
- 100% Biodegradable

Foaming Washroom Descaler

Use Instructions

Spray surfaces and allow a maximum contact time of 5 minutes before wiping and rinsing thoroughly.

Product Compatibility

Effective for powerful descaling of tough limescale from washroom fixtures such as sinks, basins, baths, toilet bowls, urinals, taps, showers, tiles and floors. Avoid use on marble or natural stone.

Safety & Storage

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet (SDS). Product is non-flammable so no requirement for secure, ventilated storage. Store at room temperature.

Available Pack Sizes

750ml RTU

BH272
(6x750ml)

The UK's leading manufacturer of Biotech cleaning products

- The UK's leading manufacturer of Biotech cleaning products
- Technologies are renewable and sustainable, sourced from plant extracts, fermentation and manufacturing by-products reducing CO2e and environmental toxicity
- 100% UK Manufacture and supply chain
- Post Consumer Recycled bottles provide a circular life cycle reducing CO2e and removing physical plastic pollution
- Our cardboard is made from 100% recycled material, is fully recycled and FSC certified (Forests for All Forever)
- ISO 9001:2015 & ISO14001:2015
- Zero waste to landfill
- Accredited to Carbon PAS2060, we offset our carbon with UK tree planting and VCS projects within the Amazon
- 100% Readily Biodegradable
- All manufacturing wastewater is treated
- Our technology has minimal aquatic toxicity
- Never tested on Animals
