

CODE: 500427

# 1.1kg BIOLOGICAL URINAL BLOCKS INFORMATION SHEET

**Description:** Water soluble cleaning and deodorising blocks for use in all urinals.

## Formulated for a reduced impact on the environment, this product is:

- Made in the UK
- Biodegradable \*
- Has a reduced impact on aquatic life\*
- Phosphate free
- Chlorine free
- Not tested on animals
- Packaged in a 25% recycled HDPE container

\* PLEASE NOTE: All Eco product formulations are classified as "Biodegradable" as defined under EU 1272/2008 and is recorded in Section 12.2 (Ecological Information) of each product's Safety Data Sheet (SDS). Under the same legislation (EU 1272/2008) none of the 'Eco products' are classified as "Toxic to aquatic life" (Hazard warning H411) recorded in Section 2 (Hazard Identification) of each product's Safety Data Sheet (SDS). However the products Cleanline Eco Mild Washing-up Liquid, Cleanline Eco Washroom Cleaner and Cleanline Eco Washroom Cleaner RTU have the lesser classification "Harmful to aquatic life with long lasting effects" (H412) which does not initiate an environmental warning symbol (Tree/Dead Fish) and can be seen as a 'Reduced Impact' compared with products having H411.

**How to use:** Put one or two blocks in each urinal. For troughs place 50cm apart.

**FEATURES AND BENEFITS:** Strains of harmless bacterial cultures together with environmentally sympathetic chemical cleaners break down the organic waste and uric scale in urinal traps and pipes that cause odours, blockages and flooding. Use of Biological Urinal Blocks reduces flushes to typically 3-4 times a day. Proved to save up to 100,000 litres of water per urinal per year. Biological Urinal Blocks do not contain pDCB or other dangerous chemicals & are particularly suitable for use in schools, public buildings, hotels, pubs, clubs, institutions & restaurants etc.

## PPE required:

- Respiratory protection:** Respiratory protection not required.
- Hand protection:** Protective gloves.
- Eye protection:** Safety glasses are not normally required. However their use is recommended where there is a risk of spray mist or splashing when using or handling the product.
- Skin protection:** Wear appropriate clothing to prevent any possibility of skin contact.

## Storage information:

- Store in a cool, well ventilated area.  
Keep container tightly closed.

## Technical data:

- State: Solid  
Colour: Green  
Odour: Lemon Odour  
Solubility in water: Soluble  
Relative density: 1.53
